

## Narrabri CSG – QLD AGENDAS

### QLD Government:

- What QLD considers is the most effective form of regulation of CSG;
- What worked and lessons learnt along the way;
- What do we need to look for in terms of CSG regulatory capability – is specialist expertise available and how could NSW acquire it – mentioning Victorian experience of gaps in the regulator’s knowledge, systems and processes
- What has been the QLD experience to date with CSG:
  - Assessment and Approvals;
  - Environmental and Social;
  - Compliance and Monitoring – any systemic non-compliances or significant environmental incidents and subsequent responses; and
  - What are the core features of a sound CSG regulatory regime?
- Interactions with Santos – operational and compliance record;
- Briefing on the methodologies used to calculate rehabilitation bonds for the sector in Qld;
- QLD approval process flow chart and brief summary of post approval compliance and monitoring regime.
