Dear Jorge,

## **SUBMISSION REGARDING THE EXTENDED CURTILAGE FOR VARROVILLE (SHR00737)**

We write on behalf of our client the Catholic Metropolitan Cemeteries Trust (**CMCT**) who are the owner of 166-176 St Andrews Road, Varroville which we are advised is impacted by the proposed curtilage extension for Varroville (SHR00737) which has been referred to the Independent Planning Commission (**IPC**) by the Hon. Gabrielle Upton in her role as the NSW Heritage Minister.

In her letter dated 12 October 2018 the Minister refers to enclosures that have not been released for public comment on the IPC website. Based on discussions undertaken between Urbis and the IPC we understand that these enclosures have been marked as confidential and the IPC are presently reviewing the potential for the documents to be released to the public. We request that both Urbis and the CMCT be notified of any updates regarding the release of these documents as their contents as it is essential that these documents be reviewed by any party wishing to make a detailed and correct submission to be made by the land owner regarding the submission.

We request that the public notification period be extended indefinitely until a decision is made regarding the release of these documents. We would further request that if these documents are released the notification only conclude following a 2 week period to allow for a review of these documents and an appropriately informed submission can be prepared for review by the commission.

If you have any questions please do not hesitate to contact me on [REDACTED]
